

## INTRODUCTION

JGC-S Scholarship Foundation was founded in 1968 based on personal heritage of Mr. Masao Saneyoshi who was a founder and the first president of JGC Corporation(\*1). Most of the donated assets were stocks of JGC Corporation. Therefore, JGC-S Scholarship Foundation is run by these dividends of stocks.

Mr. Saneyoshi strongly hoped to contribute to the development of science and technology and foster of engineers or researchers in Japan by providing his own asset while presiding over the engineering business for a long period of 40 years. Taking over his will, JGC-S Scholarship Foundation is providing scholarships for students majoring in science and technology and grants for young researcher.

Fifty years already have passed since the establishment, but JGC-S Scholarship Foundation has lent or provided scholarships to 18,000 Japanese students and 5,800 international students from abroad. Also, we have provided research grants for 1,700 young researchers.

(\*1)

JGC Corporation was established in 1928. JGC has contributed to the development of the global economy and society as a world-class engineering company by accomplishing more than 20,000 plant construction projects in 70 countries.

Specifically, JGC is engaged in design, procurement, construction and project management of factories and various equipment such as petroleum refining, petrochemical, liquefied natural gas (LNG), pharmaceuticals, etc.

## HISTORY

1968	Saneyoshi Scholarship Foundation was established.
1968	Scholarship for Japanese student ( loan program) begins.
1968	Research grant program begins.
1974	Overseas travel expense aid program begins
1978	Scholarship for international student ( grant program) begins.
1990	Scholarship for international student ( grant program) was expanded.
2007	Overseas travel expense aid program was ended. Research grant program was expanded.
2007	The name was changed to JGC-S Scholarship Foundation.
2008	Scholarship for international student from oil or gas producing countries (grant program) begins.
2009	Scholarship for Japanese graduate student ( grant program) begins.
2011	JGCS begins as a Prime Minister-authorized, Public interest incorporated foundation.
	Scholarship for Japanese undergraduate student ( grant program) begins.
	Loan program suspends acceptance of new applicants
2017	Scholarship for international student ( grant program) was re-organized.
2017	Scholarship for Japanese students to study abroad ( grant program) begins

## PROGRAM

JGC-S Scholarship Foundation provides scholarships for students majoring in science and engineering and subsidies for young science and technology professors.

These are targeted for designated universities of JGC-S Scholarship Foundation.

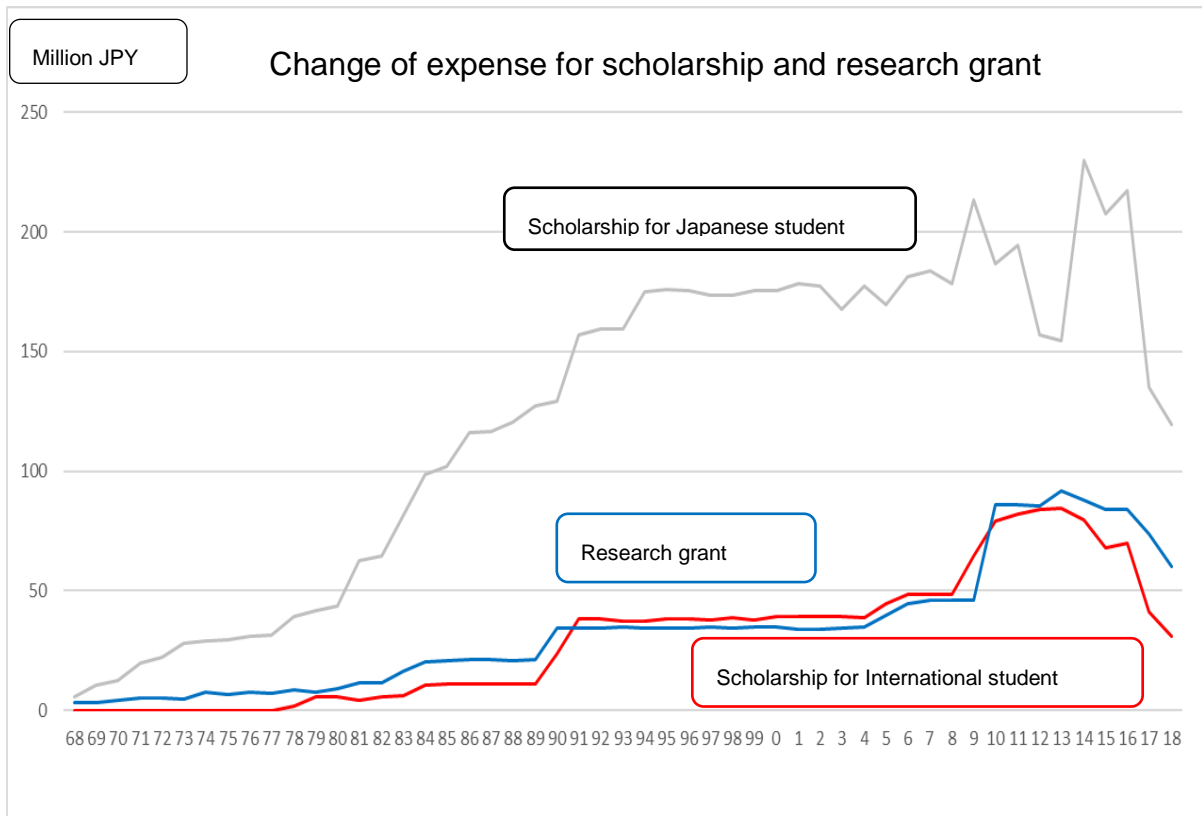

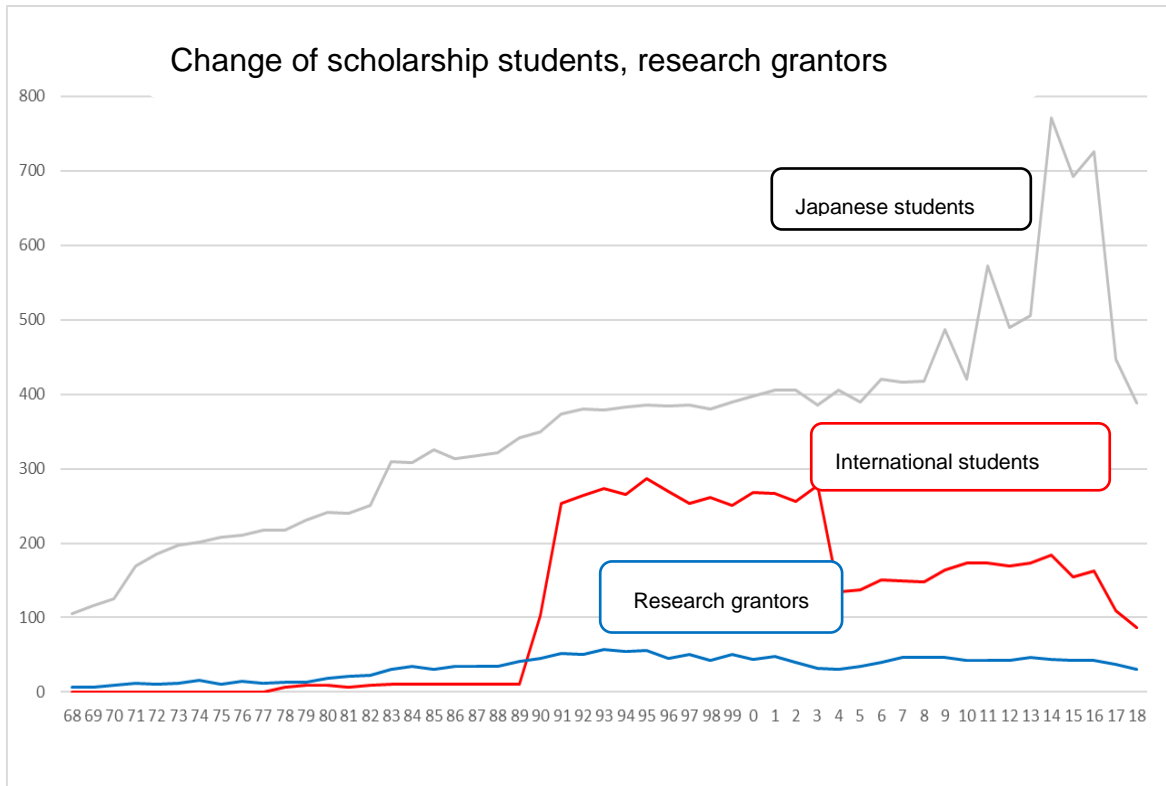

<b>Scholarship Grant Program</b>	For Japanese Students	<p><b>1. Grant program for Japanese students</b></p> <p>aim at fostering students who can contribute to future society. The grants are offered to students who are healthy and show high academic performance but are having financial difficulties. Eligible students are majoring science and technology at 73 designated university.</p> <p>Scholarship amount is 300,000JPY/year, 450 students received in 2017.</p>
		<p><b>2. Grant programs for Japanese students to study abroad</b></p> <p>aim at fostering students who can play significant role in international relations. The grants are offering to students who are health and show high academic performance but are having financial difficulties.</p> <p>Eligible students are undergraduates and majoring science and technology at 73 designated university.</p> <p>Scholarship amount are 150,000JPY per month and 200,000JPY as travel expense, 3 students are selected in 2018.</p>
	For International Students	<p><b>3. Grant program for international students</b></p> <p>aim at helping international students achieve their study goals in Japan.</p> <p>Eligible students are self-financed international students majoring in science and technology at 63 designated universities.</p> <p>Scholarship amount is 300,000JPY/year, 80 students received in 2018.</p>
<b>Research Grant Program</b>	For Younger researcher	<p><b>4. Research grant program</b></p> <p>intends to help younger researchers, who represent our country's future, engage in research freely and creatively by providing grants to allay the costs of research.</p> <p>Research grant amount is 2,000,000JPY. 36 researchers received grants in 2017.</p>

# HISTORIC DATA

## **DIRECTOR/COUNCILORS/SELECTION COMMITTEE MEMBER**

### **【DIRECTOR】**

Chairman	Keisuke Takeuchi	Former Chairman, JGC Corporation
Director	Akishige Okada	Advisor, Sumitomo Mitsui Banking Corporation
Director	Koshi Shima	CEO, Shima Trading Company
Director	Eiichi Kikuchi	Professor emeritus, Waseda university
Director	Ichiro Arakawa	Dean of the Faculty of Science, Gakushuin University
Director	Toyohiko Shimada	Former Auditor, JGC Corporation
Director	Nobutaka Nohara	Secretary General, JGC-S Scholarship Foundation
Director	Hideyuki Mizuno	Advisor, JGC-S Scholarship Foundation
Auditor	Hideaki Takeuchi	Attorney
Auditor	Takehiko Hirose	Executive Officer, JGC Corporation

### **【Councilors】**

Councilors	Masahiro Kotani	Professor emeritus, Gakushuin university
Councilors	Kohei Ogawa	Professor emeritus, Tokyo Institute of Technology
Councilors	Tadaaki Fukukawa	Professor emeritus, Keio university
Councilors	Yoshihiro Iida	Professor emeritus, Yokohama National university
Councilors	Ken Tsuda	Professor emeritus, Tokyo Institute of Technology
Councilors	Tadashi Sugawara	Professor emeritus, The University of Tokyo
Councilors	Tojiro Aoyama	Vice-President, Keio university
Councilors	Hiroyuki Nishide	Professor, Waseda University
Councilors	Masayuki Sato	Chairman, JGC Corporation
Councilors	Yutaka Yamazaki	Director and Vice President, JGC Corporation
Councilors	Yutaka Yamanaka	Executives officer, JGC Corporation
Councilors	Yu Yamada	

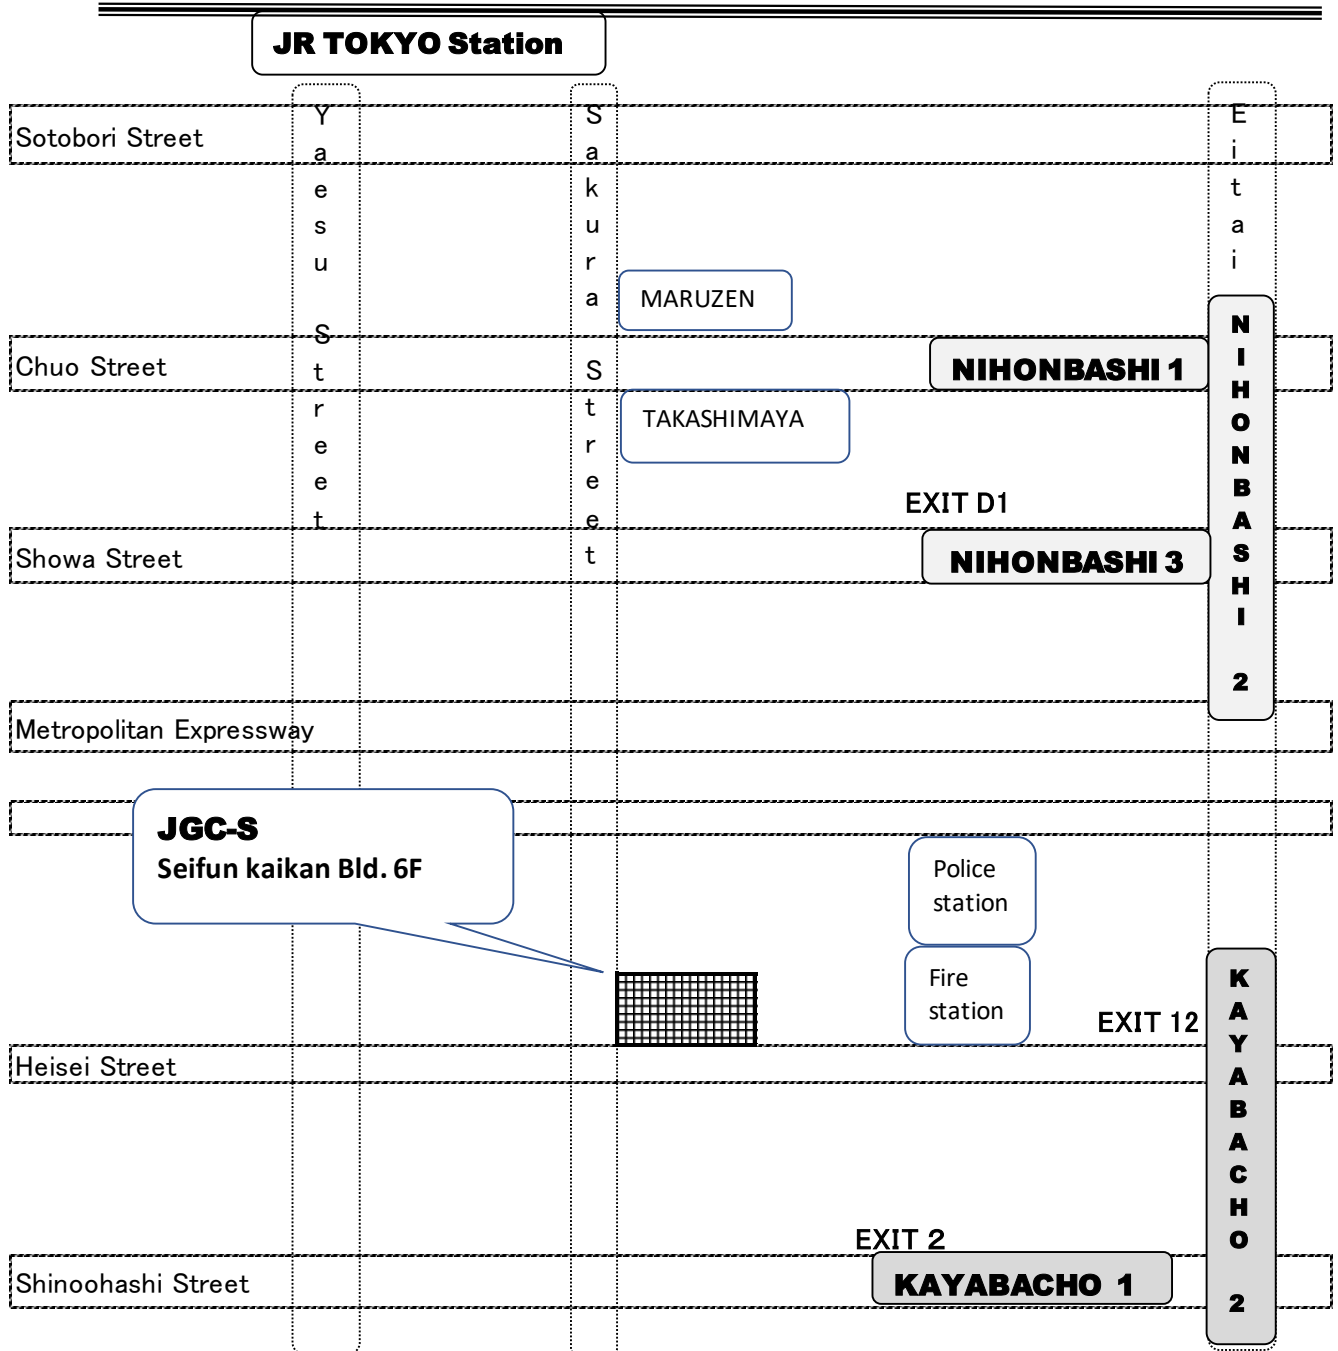

### **【SELECTION COMMITTEE MEMBER】**

Chairman	Masahiro Kotani	Professor emeritus, Gakushuin university
Member	Kohei Ogawa	Professor emeritus, Tokyo Institute of Technology
Member	Tadaaki Fukukawa	Professor emeritus, Keio university
Member	Tojiro Aoyama	Vice-President, Keio university
Member	Atsushi Takeuchi	Senior Deans of Faculty of Science, Waseda University
Member	Kohei Ito	Dean of Faculty of Science and Technology, Keio University
Member	Tatsuya Okubo	Dean and professor of school of Engineering, The University of Tokyo
Member	Masayoshi Watanabe	Dean of the faculty of Engineering, Yokohama National University
Member	Ichiro Arakawa	Dean of the Faculty of Science, Gakushuin University
Member	Nobuyuki Iwatsuki	Dean of the Department of Engineering, Tokyo Institute of Technology
Member	Takashi Yasuda	Advisor, JGC Corporation

As of July, 2018
